Proposed governance transition of Southern Cross Care Tasmania

What progress has SCCT made towards meeting the conditions precedent and obtaining ACCC approval, and what is the expected timeline?

We are pleased to provide an overview of the ACCC approval process and its anticipated timeline.

We are currently at the ACCC assessment stage, which is expected to take 15 to 30 business days.

As the timing of later stages is determined by the ACCC, we cannot confirm an exact date yet.

You can view the timeline here: [Transition of Governance Timeline - 2026](#)

Please note that completion of the governance transition is also subject to other conditions stipulated in the Deed.

We will keep you informed as the approval process progresses.
