Residents, Clients and Families FAQs

Proposed governance transition of Southern Cross Care Tasmania

Southern Cross Care (Tasmania) Inc.

Where are we with the ACCC approval process?

The Australian Competition and Consumer Commission (ACCC) issued its determination on 23 October. This is an important milestone in the proposed transition, and we are now in the standard 14-day public review period.

There are still several conditions that need to be met before completion can occur.

While we are not yet able to confirm a final timeline, we will continue to keep residents, clients and families informed as key milestones are reached.

You can view the updated timeline here: Transition of Governance Timeline - 2026.
